

BEYOND THE SEA

ANNA DUNWORTH

They say never to invite your ex to your wedding. Someone should warn the ex never to accept.

Joe Banks accepts the invitation to his estranged ex's cruise ship wedding, hoping to make amends. Instead, he finds himself the prime suspect in her murder. Met with hostility by his former friends, Joe spent the reception drowning his sorrows in a few too many tumblers of tequila.

He wakes the next morning to find himself the prime suspect in the bride's murder, and among the last to be seen with her. To make matters worse, Joe is nursing an awful hangover, unable to remember most of the booze-soaked evening.

As he reflects on his past relationship with his ex, Joe scrambles to clear his name before the ship makes landfall. Will he succeed? Or will he learn the terrible truth that perhaps he isn't so innocent after all...
